- Camp Prom
- Campfires
- Olympics
- Overnight Trips
- Horseback Riding
- Weekly Special Events

Camp Lee Mar is a 6 ½ week, private, residential summer program for campers ages 7-21. Our programming offers a unique learning experience that combines traditional camp activities with strong academics, activities of daily living, and speech and social skills development.

Camp Lee Mar has been in operation since 1953 and continues to innovate in the field of special needs camping. The structured program provides a comfortable and safe environment in which our campers can flourish. Campers are well prepared for the Camp Lee Mar experience due to collaboration between home, camp, and school. Our campers spend the summer learning how to live in community while they embrace new ideas, novel experiences, and form friendships that can last beyond the summer.

Only a short drive from New York City and Philadelphia, Camp Lee Mar is nestled in the beautiful Pocono Mountains of Pennsylvania. Year after year, both staff and campers return from around the world to spend their summers at CLM.

If you are interested in learning more about Camp Lee Mar you can either call us at 215-658-1708 during the winter or at 570-685-7188 during the summer.

Ari Segal, MSW
Camp Director

The Guided Tour, Inc., a supervised vacation program for adults with special needs, was pioneered by Ari's father, Irv Segal. Ari's commitment to the special needs community was born through his father's dream and business. In 1998, Ari and his wife Abby welcomed Zachary into their family. Zachary, the oldest of Ari and Abby's three children, had special needs and was a camper at Lee Mar for many years. Zachary's life provided Ari with first-hand knowledge of the experience of a special needs parent and reinforced his mission of providing a growth-producing, memorable opportunity for our children.

"Safe, happy, independent, and productive. These are the goals for my camper, and those are the skills she learns and are reinforced at Camp Lee Mar."

- CLM Parent

"At camp he doesn't feel invisible. In school he knows he gets left out and that he is not included in most things and that he is different. Here, he just feels part of the group."

- CLM Parent

"The staff do a wonderful job. They truly care about the kids, they look out for them in every aspect. I have total confidence when my son is gone for 7-weeks that not only is he going to be safe, not only is he going to learn, but he's going to have a great time too."

- CLM Parent

"To do for other children what we want for our own"

- Ari Segal, Camp Director

Lynsey Trohoske, CFRP, CPRP
Assistant Director

Lynsey has been at Camp Lee Mar since 1998, starting out as a general counselor! Lynsey works year-round with camp, interviewing campers, hiring staff, and developing the enriching camp program. She is also a Child and Family Resiliency Practitioner, and is a great resource for all members of the camp family.

Laura Leibowitz, M.Ed.
Assistant Director

Laura has been at Camp for over 40 years! Laura is a special education teacher and is responsible for the academic program and camper working opportunities. She is an essential part of our administrative team.
