

# SWIFT NATURE CAMP

Where Nature is Fun and Kindness Matters

## Critters!

At SNC there are islands that need exploring, frogs that need catching, and ice cream to taste made with wild berries picked by you! Our camp zoo animals need you to help care for them. If you're a nature nut or a little timid about the woods, we'll help you find the best sunsets.

## Adventure Trips!

Novice or expert, you'll find that canoeing, hiking and biking trips will be some of your fondest memories.

## Friendships!

Our small camp family is filled with kindness, so you will easily make new friends.

## FUN!

FUN is how we choose to live! You pick your activities every day. You'll be smiling because there is fun in everything we do!
