

CAMP KODIAK

A place to grow!

www.CampKodiak.com

OUR CAMPERS

Our campers range in age from 6 - 18 years old, and include children and teens from Canada, the USA and around the world.

Many of our campers return to us year after year, and for many, Camp Kodiak is the highlight of their year!

OUR STAFF

Approximately half of our counsellors are professionals - teachers, social workers, child & youth workers, recreation specialists, etc. The rest are university or college students, often working towards one of these careers.

OUR PROGRAM

At Camp Kodiak we program for success. Everything we do is designed to build confidence and self-esteem. We nurture campers' personal, athletic and social successes to ensure that they feel valued and celebrated. Parents report back to us that campers return home happier, with greater confidence and improved social skills.

OUR SITE & FACILITIES

Camp Kodiak occupies a 425 acre site with over 4 km of lakefront near Parry Sound, Ontario. Campers and staff are housed in modern cabins with full bathrooms and a large deck overlooking the lake. We have over 50 activities, a full medical staff, and meals are provided by a professional catering company.
