TIER 1

This tier accurately reflects the true cost of camp operation for each camper. We ask families to participate at this level if it is appropriate for them. **We ask that all international participants pay this fee.**

TIER 2

This tier is partially subsidized through funding from the Neag Foundation and other donors. Please participate at this level if it is right for your family. **(No financial aid application required) Not available for international participants.**

TIER 3

This tier is more heavily subsidized through funding from the Neag Foundation and other donors. Please participate at this level if it keeps camp affordable for your family. **(No financial aid application required) Not available for international participants.**

TIER 4

We provide more significant financial assistance to families that demonstrate need through our Financial Aid Program. This is a variable rate for families whose need is greater than the subsidized rates. For more information, please read through our Financial Aid Guidelines on our website. This tier is made possible through our "Reach Out For Youth" annual campaign. Tier 4 is available for all of our programs. **(Application required)**
