

Integem (K-12): #1 AI + AR Camp

Create a Magical World, Step Into It!

STEM | AI | AR | Coding | Robotics | Art | Game | Animation | 3D Design

Fully Accredited & Receive Credits

Authorized by the College Board

NVIDIA AI Training Partner

June-August
M-F 9AM - 3PM
Extended Care Available

Age Groups:
5-8, 8-10, 10-14, 14+

Levels:
Beginner-Advanced

Teacher/Student Ratio: 1:8

16 locations in SF Bay Area, Los Angeles, Orange County Irvine

Empower Your Child to Explore, Design & Innovate with Future Tech!

Integem (K-12): #1 AI + AR Camp

Ride a Spaceship to the Stars? Meet Dinosaurs? Create & Enter Magical Game Worlds?
Bring Art to Life? Build Intelligent AI Robots?

Join Camp Integem to Make the Magic!

This is not just a summer camp—it is a fun-filled, hands-on learning journey into the world of AI, Holographic AR design, coding, robotics, 2D/3D game design, digital art, 2D/3D animation, 3D designs, interactive storytelling, space/nature exploration, STEM/STEAM and more. Teleport into their creation to experience the magic of their design with Holographic AR and prepare students for future success, all the while having a blast!

Featured Courses (Ages 5-18)

AR STEM, Coding, Game Design Camps:

- AR Coding for Space Exploration
- AR Coding for Nature Exploration
- 3D AR Coding & Game Design
- Advanced AI+3D Coding & Game Design

(Note: 3D Game design includes 3D AR Minecraft, 3D AR Roblox Game Design and other 3D Game Design)

AR AI, Robotics Camps:

- Intro to AI Engineering with AR
- Intro to Robotics Design & AR Coding
- Robotics Engineering & AR Coding
- AI Robot Design & AR Coding
- Advanced AI Robot Design with AR & NVIDIA Jetson Nano

AR Digital Art, Animation, Fashion, and Design Camps:

- Intro to AR Art with AI
- Interactive AR Animation with Adobe
- 3D Holographic AR Design
- Advanced 2D & 3D Holographic AR Animation with Adobe

Tech Leadership Program (Year-round for Ages 11-18)

- Earn the U.S. Presidential Service Award

Scholarships available.

International AR Education Foundation (IAREF) is a 501(c)(3) non-profit organization.

Our Program Strengths:

- Future-forward Learning
- Multidiscipline Learning Approach
- Personalized Education
- Small Classes with 8:1 Student/Teacher Ratio
- Project-based Learning/Hand-on Learning
- World-Class Curriculum
- Empower Students to Create
- Professional & Passionate Instructors
- Adopted by Schools and Communities

What You Will Learn:

- Artificial Intelligence (AI)
- Holographic AR Design
- Coding
- Robotics
- 2D/3D Game Design
- AI Game Design
- AI Robot Design
- Space Exploration
- Nature Exploration
- Digital Art
- AI Art
- 2D/3D Animation
- 3D Design
- STEM/STEAM
- Creative Thinking
- Design Thinking
- Visual Communication
- Interactive Storytelling
- UI/UX
- Computer & Internet Skills
- Problem Solving
- Empathy
- and more.
